

# DIRSlim

Directional loudspeaker

DIR SLIM - directional loudspeaker is a great instrument, solid and portable, able to produce a high noise level. For this reason and for his outstanding power and directivity is particularly suitable for sound insulation measurement and reverberation time. DIR Slim is perfect for AMG Mini systems as an alternative to OMNI dodecahedrons loudspeakers. DIR SLIM can be also used with other external amplifier sources, according with the system acoustic specifications.

DIR passive façade directional loudspeaker is equipped with a stiff and ergonomic structure, that simplifies transport and protection to impacts. Lower support is equipped with a small base that sustain the loudspeaker on the floor, avoiding overturning.

#### STANDARD EQUIPMENT

- Standard equipment is supplied with incline adapter.

*Optional*

- Flight case (rigid)

#### CONFORMITY LAWS

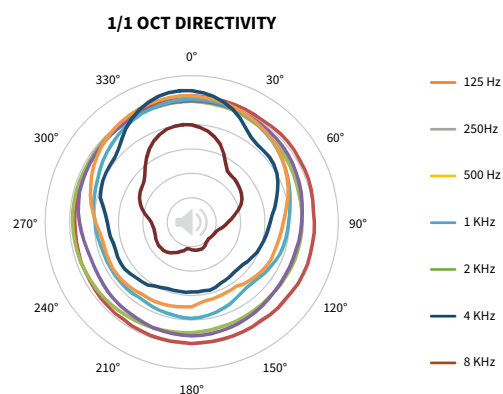

UNI EN ISO:

140-5, 16283-3, 3382, 354.

Conform to CE directives.

#### TECHNICAL FEATURES

- Dimensions: 260 x 210 x 320 mm
- Weight: 9 Kg
- Maximum power: 350 W
- Max sound power level: 122 dB
- Impedance: 4  $\Omega$
- 2 Pin Speakon: IN +1, -1 / OUT +2, -2

#### **COMPANY IDENTITY**

Ntek is specialized in products and services for noise and vibration measurement and control, in all applicable acoustic fields. The company has been able to improve in designing, developing and producing solutions that mix simplicity, portability and user-friendly products with excellent quality.

Ntek main goal is to supply a qualified service with a complete range of products delivered on time in order to guarantee its customers the chance to focus on their business.

To keep this promise we have strongly invested in innovation and production process with monitoring procedures certified by independent primary authority.

#### **OUR VISION**

We believe that acoustics is the basis of wellness and improvement of life quality. It's for this reason that we develop, innovate and produce equipment inspired to this philosophy.

#### **HOW WE WORK**

Ntek can ensure a high level of service, thanks to modern processes and new laboratories, completely equipped for different operations of design, production, measurement, check and control.

#### **INTERNAL LOGISTICS AND STOCK**

With its new operative location of 500 m<sup>2</sup> and its internal stock, Ntek guarantees available products in a short time according to customers' needs.

Today we can handle an order in 48 hours compared with a standard delivery of 45/60 days.

The new location is structured to be flexible with logistics activities and in answering efficiently to productive needs of our customers.

#### **SUSTAINABILITY**

Green company, environmentally friendly, aimed to a continuous improvement of quality and safety in industrial processes.
